### 15. Multidisciplinary / interdisciplinary

the distinct subjects or curriculum from various disciplines. For instance, a student of Mechanical Engineering can take a subject from Computer Science and Engineering or Management Studies.

Multidisciplinary approach is a method of curriculum integrates that highlights the diverse perspectives that different disciplinary can bring to illustrate a theme, subject or issue. The college follows LifeSkills & Technical Skills curriculum.

As National Education Policy 2020 (NEP 2020) has also insisted to pay attention to it.

Multidisciplinary /inter disciplinary approach in curriculum

- Open Electives
- Life skills and Technical Skills as value added course
- Projects/ Mini projects can be interdisciplinary with students from a various discipline of study
- Non credit courses can be from Multiple discipline
- Project presentation and competitions are interdisciplinary in nature
- Ideathon, Hackthon and Project competitions are interdisciplinary
- Journal publications, Book chapters, conference presentations, patent publications are also interdisciplinary

### 16. Academic bank of credits (ABC):

According to NEP, The college heads forward to implement the Academic Bank of Credit implemented Ministry of Education Government of India. It would be implemented after getting the direction from the affiliating university. It can offer courses to student of other institutions to earn credits.

1. It aims to promote inter disciplinary approach in higher education.
2. It will enable students to choose the best courses/ combination of courses to suit their interest
3. It will enable students to select the best departments or institutions or their combination to suit their interest

4. It will allow students to make specific modifications / specialisations to their degree programmes rather than undergoing the regularly prescribed degree/courses.
5. It enables multiple entry-multiple exit scheme for students to complete their degree as per their time preferences.
6. It provides mobility across various discipline like Degree, Diploma, PG Diploma, Certificate programmes.
7. It facilitates lifelong learning amongst students in full time and part time modes.
8. It will maintain academic records and issue an official transcript. This transcript will be recognised by all the member-universities of ABC.
9. If students are working towards a qualification, they will have to accumulate sufficient credits to gain the total credit of the qualification.

#### **17.Skill development:**

The college has created a Lifeskills and Technical skills centre, which offers insightful skills development programmes to groom students. The college achieves the enhancement of employability objectives by conducting intensive process oriented class room training & by organizing Campus recruitment training. Students get an opportunity to attend a wide range of interactive workshops, training sessions that help them to recognize, develop and articulate their employability skills for their future success.

#### **Skill Development Activities Practised**

- Skill Dominating courses in the Curriculum
- Blended and hands on learning practices
- Mini projects and Major project
- Experiential Learning - Internship and Industry Projects
- Campus Recruitment Training
- Encouragement to participate in technical fests
- Spoken Tutorial
- Encouragement for Sports and Cultural activities

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

Joginpally B.R. Engineering College has taken appropriate initiatives.

- Integrity and Unity among different culture is encouraged by

celebrating various cultural events

- Traditional and cultural days are celebrated with spirit
- Faculty members and students have many videos of technical courses in to their Regional Language.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

The College adopts Outcome Based Education. There are four levels of outcomes are considered in OBE processes such as Course outcomes (CO), Program Outcomes (PO), Programme Specific Outcomes (PSO) and Program Educational Objectives (PEO).

OBE is driven by assessments that focus on well defined learning outcomes. The POs and COs are disseminated to the students by the following methods.

- Syllabus with POs and COs are displayed on the college website.
- Curriculum and Syllabus with POs, PEOs and COs are available in the deparment.
- POs and PEOs are displayed at prominent places in the department.
- COs are included in course files for the respective courses.
- The COs are assessed through a structured pattern at the end of the course through Direct and Indirect Assessment methods.
- The CO attainment is assessed directly through Internal Assessment Examination and Assignments
- The guidelines for mapping and attainment process are given to faculty members through IQAC meetings and subsequent training to faculty members.
- The POs and PSOs are assessed indirectly through Exit Survey forms where the final year students at the end of their graduation. Also, the Alumni survey forms are used to take the feedback from Alumni to assess the POs and PSOs. The Employer Survey forms are used to take the survey from the Employer to measure the PO attainment.

#### **20.Distance education/online education:**

Joginpally B.R. Engineering College approved by AICTE, affiliated to JNTUH, Hyderabad, certified by ISO and accredited by NAAC A+ Grade.

JBREC uses a variety of Information Communication Technology(ICT) enabled tools to support effective pedagogy. All faculty members use ICT tools very effectively to enhance the teaching-learning process. All the class rooms are equipped with LCD

projection systems, computer and internet connectivity etc., These facilities enhance lecture delivery, effective communication and in-class assessments.

In all departments, faculty rooms are equipped with desktop computers and all necessary resources such as Wi-Fi connectivity throughout the campus. Well-equipped smart classroom help the faculty and students to present PPTs and videos effectively. Laboratories, class rooms, seminar halls, conference rooms and hostels are enabled with Wi-Fi facility which gives space for students to learn from e-resources and update their skills. Automated Digital Library with computers and online Public Access Catalogue system makes easy access for students and faculty members. Language laboratories with individual headsets and webcams help handle online classes and record quality audio and video. Study materials are shared through ERP software. The Institution has access to e-resources namely NPTEL, IEEE explore, DELNET and National Digital Library of India. Our students have enrolled in Spoken tutorial, IEEE, Coursera and NPTEL etc.,

As of now we are not offering any distance education programmes.

**Part B****CURRICULAR ASPECTS**

## 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

**Planning:** Joginpally B R Engineering College is affiliated to Jawaharlal Nehru Technological University Hyderabad, Hyderabad (JNTUH) and follows the curriculum prescribed by the university. A well-structured academic calendar is prepared in alignment with the University's calendar for each semester by the College Academic Committee (CAC) headed by the Dean Academics with the due approval of the Head of the Institution. An Action Plan for conducting co-curricular, extra-curricular activities, add-on programs for curriculum enrichment are also included in the master calendar.

**Curriculum Delivery:** The institution ensures effective delivery of curriculum through lectures and lab sessions. Tutorial classes are arranged for the analytical courses.

**Monitoring:** The Head of the Department along with class in-charges monitors the academic activities on a regular basis by verifying monthly syllabus coverage.

**Feedback is obtained from the students on aspects of teaching-learning twice in a semester and remedial measures are taken if necessary.**

**Feedback:** Institution takes the feedback from students, faculty and other stakeholders regarding curriculum and its implementation.. Department Academic Committees analyze the feedback and the report is submitted to College Academic Committee.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Joginpally B R Engineering College strictly adheres to the academic calendar published by JNTUH including for conducting Continuous Internal Evaluation (CIE) exams. The academic calendar provides the date of commencement of the academic session, the duration of the semester, the period of internal assessment tests, submission of mid-term exam marks, parent teachers meetings, practical exam schedule, preparation holidays, final semester examinations etc. The institution makes effective planning for conducting CIE by adhering to the academic calendar of JNTUH. College Academic Committee with the due approval of Head of the Institution prepares the

academic calendar in advance before the commencement of the semester. The calendar outlines the semester classwork schedule, midterm examination schedule and external examination schedule. The performance of the student is assessed on a continuous basis by conducting two mid (internal) examinations per semester as per university norms. The average marks of both mid (internal) examinations are considered for internal assessment. Assignments, Laboratory Courses and Project Work are also part of CIE. For theory courses, CIE is conducted for 25 marks with three components, such as Descriptive, Objective and Assignments. The descriptive component is marked out of 10 marks. The objective component is marked out of 10 marks. The assignment is marked out of 5 marks.

## 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

**Human Values and Professional Ethics:** To instill Moral, Social and Ethical values, JNTUH has duly introduced Human Values and Professional Ethics course as an open elective for III year into its curriculum and the institute is ensuring their effective delivery.

This course helps the students to ensure sustained happiness and prosperity which are the core aspirations of all human beings. It facilitates the development of a holistic perspective among students towards life, profession and happiness. As a part of course enrichment, institute conducts number of activities like Blood Donation Camp, Swatch Bharath, Awareness programs in the adopted village Yenkapally and five other villages, Reddipalli, Himayatnagar, Moinabad, Chinnamangalaram, and Murtazaguda under Unnat Bharat Abhiyan (UBA) for promotion of Universal Values, National Values, Human Values, Communal Harmony and Social Cohesion. Gender Sensitization: In a move to create increased awareness among students towards gender issues, a course on Gender Sensitization is introduced by JNTUH for second year students of engineering.

Environment and Sustainability: Environmental Sciences course is framed as mandatory course for all branches of engineering in the first year. The course is designed to create environmental awareness and consciousness among the present generation to become responsible citizens.

### 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

#### Initiatives for Assisting the Slow Learners

- Tutorial/Remedial classes are conducted for the courses after MID-I exam.

- Counseling with counselors on regular basis with respect to academics and the professional counselor is arranged from our Group's Bhaskar General Hospital if required with respect to non academic issues.
- The students are divided into groups and the debate or discussion about the concepts conducted among the groups to improve their understanding.
- Creating awareness to the parents about the performance of the student periodically, so that the parents too will take the responsibility towards the student for his/her betterment.
- During project work, they are teamed with advanced learners for enabling the peer learning.

### Initiatives for Motivating Advanced Learners

- The advanced learners have adequate resources at the institute to explore their knowledge.
- The students are encouraged to do online certification courses like SWAYAM, SPOKEN TUTORIAL, COURSERA, UDEMY, edX, etc.
- They are motivated and supported to attend conferences, workshops, project expos and hackathons.
- They are also encouraged to participate in events organized by professional bodies.
- These students are nominated in college level committees.
- Giving training for Competitive exams like GATE, GRE, TOEFL.

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

**Experiential Learning:** The students are taught to practically test the concepts that they theoretically learn in classrooms.

**Participative Learning:** Different methodologies that include Individual Based, Team Based, and Project Based Learning are used to accelerate the learning process. By these learning methodologies that include intensive interaction and participation, students are seen to grasp concepts better and faster.

1. **Individual Based Learning:** This will make the student to learn, with respect to self motivation, ability to work independently and to build up the self confidence.

- JAM
- Flipped Class Room
- Seminars

2. **Team Based Learning:**

- Peer Learning- the students are divided into peer groups and assigned a topic for debate.
- Group Discussion- A group of participants are made to debate on a topic in stipulated time.
- Think-Pair-Share - Students are paired to think about a topic, share their knowledge by discussing among themselves and present.

3. **Project Based Learning:**

**Micro Projects** - Students are encouraged to do tiny projects in II year-II semester to have more hands on exposure.

**Mini Projects** - Students have to complete Mini project in IV year I semester. **Major Projects** - Students have to complete Major project in IV year II semester.

**Problem Solving Methodologies:Tutorials**

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

**Response:**

The institute facilitates the role of technology in teaching-learning. So, the faculty members are using ICT tools to create interest among students for improving their learning experience. The use of multimedia teaching aids like, LCD projectors, classrooms with internet enabled computers/laptops are generally used in classroom. College has electronic resource packages like ERP, Smart Class room, SWAYAM NPTEL, SPOKEN TUTORIAL, Institutional membership for GDLC -Galileo Integrated Digital Learning Centre, DELNET - Developing Library Network, NDL - National Digital Library which can be accessed by all students. The faculty members effectively utilize Audio Visual aids to demonstrate the concepts to the students to enhance the learning experience. External Hard disk of 1 TB containing web and video courses (offline) from NPTEL are accessible to faculty and students from the server installed in library. Lecture Notes and Study materials are shared digitally through student Whatsapp groups. Due to pandemic faculty are taking classes online using different platforms like ZOOM, SKYPE, GOOGLE MEET, CISCO WEBEX etc.

Some of the tools used by the faculty members are

- Google Classroom - LMS
- Moodle Cloud - LMS
- Kahoot - Assessment Tool
- Virtual Labs - Tool to conduct labs through simulations.
- Spoken Tutorial - Course certification

## 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

### For Theoretical Courses

- External evaluation is for 75 marks and internal evaluation is for 25 marks.
- Internal evaluation is based on two midterm examinations conducted for 50 percent syllabus for each midterm in a semester. Out of the total internal 25 marks, 10 marks are for Descriptive exam, 10 marks are for Objective exam and 5 marks are for assignments.

### For Laboratory Courses

- Internal evaluation is for 25 marks in which day to day evaluation is for 15 marks and internal examinations for 10 marks.
- The marks and pattern of day to day evaluation is informed to students at the time of admission and updated periodically if any change takes place. The consolidated lists of marks are

displayed in the notice boards.

#### For Project Works

- Mini project is carried out by the students and is evaluated externally at the end of the semester in IV -I.
- There is no internal evaluation for mini project, but regular reviews are carried out to monitor the progress.
- Major project is evaluated by both internal faculty and external examiner in IV year II semester.
- Internal evaluation is based on the progress and performance in three review meetings conducted by PRC of concerned department.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

#### Response:

The Internal Assessment system is carried out in a systematic procedure and is transparent. Theory courses, Laboratory courses and Project works are evaluated internally. During the induction program, the first year students are oriented by the In- charge from the exam branch regarding the evaluation system (both internal and external). If any changes in the evaluation system take place, the information is communicated to the students through circulars, notice boards & Whatsapp groups.

The institution has a transparent, time-bound and efficient mechanism for internal examination and any other related grievances through a grievance portal (<https://jbrec.edugrievance.com>). The internal exam answer scripts are shown to the students after evaluation. If the student is not satisfied or not justified for his performance in the internal evaluation of theory/lab/ project, the student can raise the grievance through student grievance portal available in the college website. These grievances are addressed by the Grievance Redressal Cell headed by the Principal. The grievance is closed within a week. Students are free to voice their

grievances, if any to the Head of the Department and also to the Head of the Institution at any point of time.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

#### Direct assessment:

1. Internal Mid Examinations and Assignments: Two Mid Examinations are conducted for students as prescribed by the university. There are 2 midterm examinations (each for 25 marks), along with 2 assignments in a similar pattern as above (1st mid is from 2.5 units and 2nd mid is from the remaining 2.5 units)

2. End Semester Examination: For theory subjects, the distribution is 25 marks for Internal Evaluation and 75 marks for the End Examination. It is expected that a student should score at least 50% of maximum marks of the course for attainment of course outcomes.

3. Labs: For Labs, there is a continuous evaluation during the year for 25 internal marks and 75 marks for end examination marks. Out of 25 marks of Internal, day to day work in the Laboratory is evaluated for 15 marks and internal examination is conducted for 10 marks by the concerned laboratory faculty.

#### Attainment for the Courses:

Direct CO Attainment: Course Outcome attainment level from internal assessment

#### Indirect Assessment:

#### Course - end Survey:

CO attainment: Final CO attainment is calculated as  $0.9 \times \text{Direct assessment} + 0.1 \times \text{Indirect assessment}$ .

**3.2 - Innovation Ecosystem**

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The College has a vibrant ecosystem for bringing innovations and promoting entrepreneurial ability among the students. The College established five cells such as "Institution's Innovation Cell (IIC)", "Micro Small and Medium Enterprise Business Incubator (MSME BI)", "Bhaskar Research Innovation Incubation & Start-up Council (BRIISC)", "Research & Development Cell (R&D)" and "Entrepreneurship Development Cell (EDC)" to promote innovation and for creation and transfer of knowledge. Ministry of Education's (MoE's) 'Institution's Innovation Cell' promotes innovation in the institution through various modes leading to an innovation promotion eco-system in the campuses and developing the cognitive ability of the students. JBREC IIC is following and organizing all activities available in MoE's website for the benefit of students and faculty. We have received an appreciation from MoE's 'Institution's Innovation Council' by being awarded a "4 Star" rating for the year 2020-21. Our college has been approved by MSME as host Institute for Business Incubator under the scheme of "Entrepreneurial Development" for providing financial assistance up to 15 lakhs for business ideas of students after approval.

## 4.2 - Library as a Learning Resource

### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Central Library of the Institute occupies a very important place in the campus. It supports study, teaching-learning process and research activities. It provides a learning space for the students (UG & PG), staff and faculty members. It is housed with a carpet area of 1500 m<sup>2</sup>. It has a total collection of over 54887 books. The Library is headed by a Librarian and other qualified staff. Library Networking [Intranet and Internet]:

The Central Library is fully automated with Integrated Library Management Software, 'KOHA' which is an open source integrated library system software with fully automation, version 18.05.07.000. It has acquisition, cataloguing, circulation, serial modules procurement, Online Public Access Catalogue (OPAC) and Project Reports. All the library documents are bar-coded and books are issued to users by reading the barcode of the document. The holdings include the books and journals, syllabus, question papers and project reports. The users of the library can access publications of 74 covering all major publishers like IETE, TERI, IEEEEMA, Journal of Computer Science, IJTE, SAGE etc. The Central Library is also a subscribed member of DELNET (Developing Library Network), a major resource sharing library network in India, which gives access to Full-text Digital Library Resources like Knowledge Gainer Portal, Manuscripts & Rare Books.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

Institute has well defined system for maintenance and utilization of Physical, Academic and Support facilities. Physical, Academic and Support facilities are maintained by Campus Administrator, Principal, Dean-Admin, Civil Engineer, Librarian, Physical Director, System Administrator & Supporting Staff members. There are college level committees that look after the various aspects of the utilization and maintenance of the physical, academic and support

facilities. Once the Calendar of Events is prepared in the beginning of the semester, the time-table for each section of every semester is prepared allotting the classrooms and the laboratories. This facilitates the optimum usage of resources (academic as well as general). Certain laboratories and workshops are required to be shared and utilized as common facilities. Such facilities are shared by different departments. Adequate budget provisions are made regularly for maintenance.

**General Maintenance:** Maintenance of civil works is needed for getting uninterrupted services which facilitate smooth and efficient functioning of the institution. **Procedure for Maintenance:** A request from the Maintenance Committee comprising the problem, through HOD, AO and the Principal, has to be received by the Campus Administrator. **Central Library Maintenance of Sports and Games Facility Classrooms, Tutorial Rooms and Seminar Halls & ICT Facilities:** House Keeping & Cleanliness:

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

IQAC is responsible for the development of quality culture in the institution through Internal Quality Assurance Committee.

Development of quality benchmarks for various academic and administrative activities of the institution.

Facilitating the creation of a learner-centric environment conducive to quality education.

Supervises the COs and their alignment to POs, question banks, assignments, tests, quizzes, activities, Bloom's Taxonomy, and ensures targets set by faculty are realistic.

The college institutionalizes IQAC initiatives and corrective measures. Two such practices institutionalized as a result of IQAC initiatives are:

### Best Practice 1: Academic Audit through IQAC

The college takes an academic audit of each department and various committees every year through IQAC to increase and maintain the quality of education. The Committee is formed for this purpose. The motivation behind the Audit is to inspect and evaluate the performance of the various departments and appreciate their achievements and give suggestions for further improvement in the quality of teaching, research, administration, curricular and extra-curricular activities.

Best Practice 2: Use and enrichment of ICT infrastructureThe use of ICT tools has become an integral part of the teaching-learning process. Always encouraged teachers to utilize these tools in classroom teaching and laboratories.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The IQAC periodically reviews the teaching - learning process, working load, time table, placements, results, feedback etc. and analyzes them. During these reviews, the areas for improvement/up gradation are identified. Some such improvements carried during the earlier years are listed below:

**Student Centric Teaching:** Learning is made student-centric through a series of lectures, seminars, presentations, and industrial visits. IQAC helps to maintain and sustain quality parameters of the institute in every aspect of academics.

**Outcome-based Learning:** The institute's prime focus is on high academic performance, through outcome-based learning and evaluation process.

**Collaborations:** The Institute encourages collaborative learning between industry and academia as a means of reinforcing its curriculum with practical and real-world experiences.

**Mentoring:** The students' academic progress is monitored regularly by a well-structured and executed mentorship program.

**Auditing:** The Internal Academic and Administrative Audit are carried out regularly and any shortfalls identified are addressed from time to time.

**Review Meetings:** Quarterly review meetings are conducted to evaluate the knowledge and ability of the faculty in teaching.

**Student Feedback:** The quality of teaching is periodically monitored through feedback which is obtained from the students to assure quality in teaching and learning process.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

To achieve this, the Institution encourages students to participate in various activities: 1. CISCO Networking Academy 2. SWAYAM-NPTEL: Our faculty members and students are getting registered with courses available in SWAYAM-NPTEL. It helps to get updated with the latest technologies and also bring out the self-learning initiative of the students. 3. IEEE Xplore Digital Library 4. Life skills through technology: Using technology in the classroom, our teachers and students are developing skills that are essential to be successful in the future. 5. IIT Bombay Spoken Tutorial: The employment potential of our students is improved using spoken tutorial while teaching them programming skills.

6. Virtual Lab: Virtual Lab is helpful for our students to enrich their technical knowledge in advanced concepts and acquire innovative skills, through remote experimentation. 7. Providing Insurance to all students

8. Enterprise Resource Planning (ERP): Online Academic Planning contains information regarding

Course Plan, Completion Details, Gap Analysis, Teaching Aids/Methodologies linked with students' attendance of the sessions.

9. Unnat Bharath Abhiya (UBA): Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

**Planning:** Joginpally B R Engineering College is affiliated to Jawaharlal Nehru Technological University Hyderabad, Hyderabad (JNTUH) and follows the curriculum prescribed by the university. A well-structured academic calendar is prepared in alignment with the University's calendar for each semester by the College Academic Committee (CAC) headed by the Dean Academics with the due approval of the Head of the Institution. An Action Plan for conducting co-curricular, extra-curricular activities, add-on programs for curriculum enrichment are also included in the master calendar. **Curriculum Delivery:** The institution ensures effective delivery of curriculum through lectures and lab sessions. Tutorial classes are arranged for the analytical courses. **Monitoring:** The Head of the Department along with class in-charges monitors the academic activities on a regular basis by verifying monthly syllabus coverage. Feedback is obtained from the students on aspects of teaching-learning twice in a semester and remedial measures are taken if necessary. **Feedback:** Institution takes the feedback from students, faculty and other stakeholders regarding curriculum and its implementation. Department Academic Committees analyze the feedback and the report is submitted to College Academic Committee.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Joginpally B R Engineering College strictly adheres to the academic calendar published by JNTUH including for conducting Continuous Internal Evaluation (CIE) exams. The academic calendar provides the date of commencement of the academic session, the duration of the semester, the period of internal assessment tests,

submission of mid-term exam marks, parent teachers meetings, practical exam schedule, preparation holidays, final semester examinations etc. The institution makes effective planning for conducting CIE by adhering to the academic calendar of JNTUH. College Academic Committee with the due approval of Head of the Institution prepares the academic calendar in advance before the commencement of the semester. The calendar outlines the semester classwork schedule, midterm examination schedule and external examination schedule. The performance of the student is assessed on a continuous basis by conducting two mid (internal) examinations per semester as per university norms. The average marks of both mid (internal) examinations are considered for internal assessment. Assignments, Laboratory Courses and Project Work are also part of CIE. For theory courses, CIE is conducted for 25 marks with three components, such as Descriptive, Objective and Assignments. The descriptive component is marked out of 10 marks. The objective component is marked out of 10 marks. The assignment is marked out of 5 marks.

<b>1.3 - Curriculum Enrichment</b>	

### 1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

**Human Values and Professional Ethics:** To instill Moral, Social and Ethical values, JNTUH has duly introduced Human Values and Professional Ethics course as an open elective for III year into its curriculum and the institute is ensuring their effective delivery. This course helps the students to ensure sustained happiness and prosperity which are the core aspirations of all human beings. It facilitates the development of a holistic perspective among students towards life, profession and happiness. As a part of course enrichment, institute conducts number of activities like Blood Donation Camp, Swatch Bharath, Awareness programs in the adopted village Yenkapally and five other villages, Reddipalli, Himayatnagar, Moinabad, Chinnamangalaram, and Murtazaguda under Unnat Bharat Abhiyan (UBA) for promotion of Universal Values, National Values, Human Values, Communal Harmony and Social Cohesion.

**Gender Sensitization:** In a move to create increased awareness among students towards gender issues, a course on Gender Sensitization is introduced by JNTUH for second year students of engineering.

**Environment and Sustainability:** Environmental Sciences course is framed as mandatory course for all branches of engineering in the first year. The course is designed to create environmental awareness and consciousness among the present generation to become responsible citizens.

### 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

#### Initiatives for Assisting the Slow Learners

- Tutorial/Remedial classes are conducted for the courses

after MID-I exam.

- Counseling with counselors on regular basis with respect to academics and the professional counselor is arranged from our Group's Bhaskar General Hospital if required with respect to non academic issues.
- The students are divided into groups and the debate or discussion about the concepts conducted among the groups to improve their understanding.
- Creating awareness to the parents about the performance of the student periodically, so that the parents too will take the responsibility towards the student for his/her betterment.
- During project work, they are teamed with advanced learners for enabling the peer learning.

#### Initiatives for Motivating Advanced Learners

- The advanced learners have adequate resources at the institute to explore their knowledge.
- The students are encouraged to do online certification courses like SWAYAM, SPOKEN TUTORIAL, COURSEERA, UDEMY, edX, etc.
- They are motivated and supported to attend conferences, workshops, project expos and hackathons.
- They are also encouraged to participate in events organized by professional bodies.
- These students are nominated in college level committees.
- Giving training for Competitive exams like GATE, GRE, TOEFL.

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

**Experiential Learning:** The students are taught to practically test the concepts that they theoretically learn in classrooms.

**Participative Learning:** Different methodologies that include Individual Based, Team Based, and Project Based Learning are used to accelerate the learning process. By these learning methodologies that include intensive interaction and participation, students are seen to grasp concepts better and faster.

1. Individual Based Learning: This will make the student to learn, with respect to self motivation, ability to work independently and to build up the self confidence.

- JAM
- Flipped Class Room
- Seminars

2. Team Based Learning:

- Peer Learning- the students are divided into peer groups and assigned a topic for debate.
- Group Discussion- A group of participants are made to debate on a topic in stipulated time.
- Think-Pair-Share - Students are paired to think about a topic, share their knowledge by discussing among themselves and present.

3. Project Based Learning:

**Micro Projects** - Students are encouraged to do tiny projects in II year-II semester to have more hands on exposure.

**Mini Projects** - Students have to complete Mini project in IV year I semester. **Major Projects** - Students have to complete Major project in IV year II semester.

**Problem Solving Methodologies:Tutorials**

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

**Response:**

The institute facilitates the role of technology in teaching-learning. So, the faculty members are using ICT tools to create interest among students for improving their learning experience. The use of multimedia teaching aids like, LCD projectors, classrooms with internet enabled computers/laptops are generally used in classroom. College has electronic resource packages like ERP, Smart Class room, SWAYAM NPTEL, SPOKEN TUTORIAL, Institutional membership for GDLC -Galileo Integrated Digital Learning Centre, DELNET - Developing Library Network, NDL - National Digital Library which can be accessed by all students. The faculty members effectively utilize Audio Visual aids to demonstrate the concepts to the students to enhance the learning experience. External Hard disk of 1 TB containing web and video courses (offline) from NPTEL are accessible to faculty and students from the server installed in library. Lecture Notes and Study materials are shared digitally through student Whatsapp groups. Due to pandemic faculty are taking classes online using different platforms like ZOOM, SKYPE, GOOGLE MEET, CISCO WEBEX etc.

Some of the tools used by the faculty members are

- Google Classroom - LMS
- Moodle Cloud - LMS
- Kahoot - Assessment Tool
- Virtual Labs - Tool to conduct labs through simulations.
- Spoken Tutorial - Course certification

### 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

#### For Theoretical Courses

- External evaluation is for 75 marks and internal evaluation is for 25 marks.
- Internal evaluation is based on two midterm examinations conducted for 50 percent syllabus for each midterm in a semester. Out of the total internal 25 marks, 10 marks are for Descriptive exam, 10 marks are for Objective exam and 5 marks are for assignments.

#### For Laboratory Courses

- Internal evaluation is for 25 marks in which day to day evaluation is for 15 marks and internal examinations for 10 marks.
- The marks and pattern of day to day evaluation is informed

to students at the time of admission and updated periodically if any change takes place. The consolidated lists of marks are displayed in the notice boards.

#### For Project Works

- Mini project is carried out by the students and is evaluated externally at the end of the semester in IV -I.
- There is no internal evaluation for mini project, but regular reviews are carried out to monitor the progress.
- Major project is evaluated by both internal faculty and external examiner in IV year II semester.
- Internal evaluation is based on the progress and performance in three review meetings conducted by PRC of concerned department.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

#### Response:

The Internal Assessment system is carried out in a systematic procedure and is transparent. Theory courses, Laboratory courses and Project works are evaluated internally. During the induction program, the first year students are oriented by the In-charge from the exam branch regarding the evaluation system (both internal and external). If any changes in the evaluation system take place, the information is communicated to the students through circulars, notice boards & Whatsapp groups.

The institution has a transparent, time-bound and efficient mechanism for internal examination and any other related grievances through a grievance portal (<https://jbrec.edugrievance.com>). The internal exam answer scripts are shown to the students after evaluation. If the student is not satisfied or not justified for his performance in the internal evaluation of theory/lab/ project, the student can raise the grievance through student grievance portal available in the

college website. These grievances are addressed by the Grievance Redressal Cell headed by the Principal. The grievance is closed within a week. Students are free to voice their grievances, if any to the Head of the Department and also to the Head of the Institution at any point of time.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

### Response:

The Program Outcomes (POs), and Course Outcomes (COs) are framed by the department offering the concerned program after rigorous discussion with all faculty, stakeholders and after due approval the same are widely disseminated and publicized through various means such as display and/or communication as under.

- Website
- Corridors
- Department Notice Boards
- Laboratories
- Orientation Programs
- Meetings/ Interactions with employers
- Parents meet
- Faculty meetings
- Alumni meetings
- Library

While addressing the students HODs, While taking the sessions Class In charges and faculties create awareness about POs, and COs. All the Course Material consisting of Lesson Plan, POs, COs of that course, Study Material, Assignment questions, Previous Question papers, Unit-wise possible questions. This material is sent to students through student Whatsapp groups, emails and also posted in LMS (Learning Management System). The faculty members, class teachers, mentors, course coordinators also inform the

students and create awareness and emphasize the need to attain the outcomes.

The POs of the programme are displayed on the college website <http://www.jbrec.edu.in/>. The COs of the courses are also published displayed on the college website under respective department (<http://www.jbrec.edu.in/>.) In all the student interactions, awareness on POs, and COs is deliberately covered.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

**Direct assessment:**

1. **Internal Mid Examinations and Assignments:** Two Mid Examinations are conducted for students as prescribed by the university. There are 2 midterm examinations (each for 25 marks), along with 2 assignments in a similar pattern as above (1st mid is from 2.5 units and 2nd mid is from the remaining 2.5 units)

2. **End Semester Examination:** For theory subjects, the distribution is 25 marks for Internal Evaluation and 75 marks for the End Examination. It is expected that a student should score at least 50% of maximum marks of the course for attainment of course outcomes.

3. **Labs:** For Labs, there is a continuous evaluation during the year for 25 internal marks and 75 marks for end examination marks. Out of 25 marks of Internal, day to day work in the Laboratory is evaluated for 15 marks and internal examination is conducted for 10 marks by the concerned laboratory faculty.

**Attainment for the Courses:**

**Direct CO Attainment:** Course Outcome attainment level from internal assessment

**Indirect Assessment:**

**Course - end Survey:**

CO attainment: Final CO attainment is calculated as  $0.9 \times \text{Direct assessment} + 0.1 \times \text{Indirect assessment}$ .

### 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The College has a vibrant ecosystem for bringing innovations and promoting entrepreneurial ability among the students. The College established five cells such as "Institution's Innovation Cell (IIC)", "Micro Small and Medium Enterprise Business Incubator (MSME BI)", "Bhaskar Research Innovation Incubation & Start-up Council (BRIISC)", "Research & Development Cell (R&D)" and "Entrepreneurship Development Cell (EDC)" to promote innovation and for creation and transfer of knowledge. Ministry of Education's (MoE's) 'Institution's Innovation Cell' promotes innovation in the institution through various modes leading to an innovation promotion eco-system in the campuses and developing the cognitive ability of the students. JBREC IIC is following and organizing all activities available in MoE's website for the benefit of students and faculty. We have received an appreciation from MoE's 'Institution's Innovation Council' by being awarded a "4 Star" rating for the year 2020-21. Our college has been approved by MSME as host Institute for Business Incubator under the scheme of "Entrepreneurial Development" for providing financial assistance up to 15 lakhs for business ideas of students after approval.

**3.4 - Extension Activities**

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The College has an NSS Unit with a total strength of 100 members under the head of J.N.T.U. Hyderabad. The unit was established with an objective to cultivate the attitude of social service among the students and to make them responsible citizens. JBREC provides various opportunities to students and staff for the development of sensitization to social issues, NSS activities such as Blood Donation Camps, Health Camps, Swatch Bharat Abhiyan, Treeplantation, etc., and also each activity under the NSS wing is monitored and guided by faculty members. Students made village surveys and household surveys in the six adopted villages and also prepared a village development plan for future development. Students rendered meritorious service for awareness among village people on Government Welfare Programmes, Cashless Transactions, Save Water on the eve of World Water Day, Fit India Movement, Traffic Awareness Programme, Say No To Plastic, Save Earth on the eve of World Earth Day, Eco-Friendly Ganesh to exhibit concern about the environment, Bucket Ganesh Immersion and Use of Cloth Bags. In collaboration with the Mahatma Gandhi National Council of Rural Education (MGNCRE), our college has conducted various activities on campus like Sanitation & Hygiene, Waste Management, Water Management, Energy Management, and Greenery before COVID-19.

#### 4.2 - Library as a Learning Resource

##### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Central Library of the Institute occupies a very important place in the campus. It supports study, teaching-learning process and research activities. It provides a learning space for the students (UG & PG), staff and faculty members. It is housed with a carpet area of 1500 m<sup>2</sup>. It has a total collection of over 54887 books. The Library is headed by a Librarian and other qualified staff. Library Networking [Intranet and Internet]:

The Central Library is fully automated with Integrated Library Management Software, 'KOHA' which is an open source integrated library system software with fully automation, version 18.05.07.000. It has acquisition, cataloguing, circulation, serial modules procurement, Online Public Access Catalogue (OPAC) and

Project Reports. All the library documents are bar-coded and books are issued to users by reading the barcode of the document. The holdings include the books and journals, syllabus, question papers and project reports. The users of the library can access publications of 74 covering all major publishers like IETE, TERI, IEEE, Journal of Computer Science, IJTE, SAGE etc. The Central Library is also a subscribed member of DELNET (Developing Library Network), a major resource sharing library network in India, which gives access to Full-text Digital Library Resources like Knowledge Gainer Portal, Manuscripts & Rare Books.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

Institute has well defined system for maintenance and utilization of Physical, Academic and Support facilities. Physical, Academic and Support facilities are maintained by Campus Administrator, Principal, Dean-Admin, Civil Engineer, Librarian, Physical Director, System Administrator & Supporting Staff members. There are college level committees that look after the various aspects of the utilization and maintenance of the physical, academic and support facilities. Once the Calendar of Events is prepared in the beginning of the semester, the time-table for each section of every semester is prepared allotting the classrooms and the laboratories. This facilitates the optimum usage of resources (academic as well as general). Certain laboratories and workshops are required to be shared and utilized as common facilities. Such facilities are shared by different departments. Adequate budget provisions are made regularly for maintenance.

**General Maintenance:** Maintenance of civil works is needed for getting uninterrupted services which facilitate smooth and efficient functioning of the institution. Procedure for Maintenance: A request from the Maintenance Committee comprising the problem, through HOD, AO and the Principal, has to be received by the Campus Administrator. **6.5 - Internal Quality Assurance System**

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

IQAC is responsible for the development of quality culture in the institution through Internal Quality Assurance Committee.

Development of quality benchmarks for various academic and administrative activities of the institution.

Facilitating the creation of a learner-centric environment conducive to quality education.

Supervises the COs and their alignment to POs, question banks, assignments, tests, quizzes, activities, Bloom's Taxonomy, and ensures targets set by faculty are realistic.

The college institutionalizes IQAC initiatives and corrective measures. Two such practices institutionalized as a result of IQAC initiatives are:

#### Best Practice 1: Academic Audit through IQAC

The college takes an academic audit of each department and various committees every year through IQAC to increase and maintain the quality of education. The Committee is formed for this purpose. The motivation behind the Audit is to inspect and evaluate the performance of the various departments and appreciate their achievements and give suggestions for further improvement in the quality of teaching, research, administration, curricular and extra-curricular activities.

Best Practice 2: Use and enrichment of ICT infrastructureThe use of ICT tools has become an integral part of the teaching-learning process. Always encouraged teachers to utilize these tools in classroom teaching and laboratories.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and

recorded the incremental improvement in various activities

The IQAC periodically reviews the teaching - learning process, working load, time table, placements, results, feedback etc. and analyzes them. During these reviews, the areas for improvement/up gradation are identified. Some such improvements carried during the earlier years are listed below:

**Student Centric Teaching:** Learning is made student-centric through a series of lectures, seminars, presentations, and industrial visits. IQAC helps to maintain and sustain quality parameters of the institute in every aspect of academics.

**Outcome-based Learning:** The institute's prime focus is on high academic performance, through outcome-based learning and evaluation process.

**Collaborations:** The Institute encourages collaborative learning between industry and academia as a means of reinforcing its curriculum with practical and real-world experiences.

**Mentoring:** The students' academic progress is monitored regularly by a well-structured and executed mentorship program.

**Auditing:** The Internal Academic and Administrative Audit are carried out regularly and any shortfalls identified are addressed from time to time.

**Review Meetings:** Quarterly review meetings are conducted to evaluate the knowledge and ability of the faculty in teaching.

**Student Feedback:** The quality of teaching is periodically monitored through feedback which is obtained from the students to assure quality in teaching and learning process.

### 7.3.2 - Plan of action for the next academic year

#### Alumni Association:

To keep a roster of all Alumni of college and their pertinent data, for maintaining the updated and current information of all Alumni, to encourage, foster and promote close relations among the alumni themselves, to promote a sustained sense of belonging to the Alma Mater among the Alumni by being in regular contact with them, to provide and disseminate information regarding their Alma Mater, its graduates, faculties and students to the Alumni.

To assist and support the efforts of JBREC in obtaining funds for development, to guide and assist Alumni who have recently completed their courses of study at the JBREC to keep them engaged in productive pursuits useful to the society, to provide a forum for the Alumni for exchange of ideas on academic, cultural and social issues of the day by organizing and coordinating reunion activities of the Alumni, to let the alumni acknowledge their gratitude to their Alma Mater. The Alumni Association achieves these objectives by staging an annual programme of events and reunions; through communications, by providing a range of discounts and services for alumni; and by supporting student scholarships and other fund raising initiatives.

Integrating Enterprise Resource Planning with all the modules and functionalities of college system on a single system that can be handled by the administrative head and access by the students and faculties with valid user id and password. The main idea is to implement a proper process to system.
