DEPARTMENT OF ECE

Report on Smart Power Optimization System for Laboratories of Professional Institutions

DATE: 28/03/2017

We, the department of ECE, Organized one day Handsonworkshop on 'Smart Power Optimization System for Laboratories of Professional Institutions'. The project is designed, fabricated and engineered in ECE labs of JBREC keeping in view to reduce the electricity consumption automatically so that the expenditure incurred in the form of electricity bill payments is reduced.

ACADEMIC YEAR 2017-2018

SUMMARY- 'IPR Awareness-Creative India, Innovative India

**INAUGURAL SESSION OF NATIONAL SEMINAR ON
'IPR Awareness-Creative India, Innovative India AT JBREC**

A National Seminar on 'IPR Awareness-Creative India, Innovative India" (11-01-2017)

IPR systems need to fully take into account the new roles played in the economy by patents and other types of IP, and in particular how they relate to innovation (e.g. the increasing use of patents in opportunistic litigation). IP systems also need to ensure they take into account characteristics of today's innovative world.

To get the knowledge on how to secure intellectual property and new innovations, we have conducted a national seminar on Innovations & Intellectual Property Rights on to 12th January 2017 at Joginpally B. R Engineering College. About 40 students registered for the seminar which is one day session.
