REPORT ON
SERIES OF WEBINAR ON "WORLD INTELLECTUAL
PROPERTY DAY" AND IPR QUIZ COMPETITION" CONDUCTED
BY III CELL ON 26th April 2020

On the occasion of **World Intellectual Property Day, 26 April, 2020**, IPPO is cordially invited to join a series of webinar organized at different intervals through the day on various aspects of IPR. The theme of World Intellectual Property Day is "Innovate for a Green Future" stimulating innovation and creativity. This webinar focused on how the innovation, development and diffusion of eco-friendly technologies facilitate to embark upon the climate catastrophe and put up a green future. There were four sessions from 10.30 AM to 6.00 PM. The brochure of the event is given in Appendix A. Totally, 195 participants attended this webinar. The list of student and faculty participants is given in Appendix B and Appendix C.

In Session 1, Prof V C Vivekanandan Vice Chancellor delivered talk on "Pandemics, Patents and Public Interest". This created awareness about the need and importance of patent law among faculty members and students.

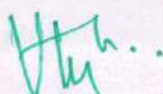

The session 2 was handled by Mrs. Vijalakshmy MalKani, Senior IP counsel, on the topic "A Key Factor in Supporting & Developing the Economy". The influencing and supporting factors of economic development and growth was discussed that thrives the minds of young students to keep up with the development.

A topic on "Role of Patents in Fostering Innovation" was delivered by Dr. Alpeah Pathak Global IP Head. This session helped to understand the views regarding awareness, development and protection of innovations.

The session 4 was handled by Dr. M. Padmavati, Prof & Dean on the topic "IP Access: Role of Health Organisations". The students understand the way to promote open innovation models and technology transfer that increase local manufacturing and supply capacity in this session.

The entire sessions helps the students and faculty members to understand the impact of patents, copyrights in daily life.

Rohinton Soli "Ronnie" Screwvala (born 8 September 1956) is an Indian entrepreneur.

He has been named on Esquire's List of the 75 Most Influential People of the 21st Century and ranked 78 among the 100 most influential people in the world on the Time 100 (compiled by Time Magazine, 2009). He was also listed amongst 25 Asia's Most Powerful people by Fortune Magazine. Based in Mumbai, India, Ronnie pioneered Cable Television, built a Media and Entertainment conglomerate (UTV Software Communications) that partnered with News Corp, 20th Century Fox, The Walt Disney Company and Bloomberg and later in 2012, he divested the company to Disney for an enterprise value of US\$1.4 billion.

From 2013 onwards, he and his wife scaled their Non-Profit The Swades Foundation whose goal is to work with a million people in rural India, empower them and move them out of poverty every 6–7 years and then move to another geography.

He has co-founded UpGrad which is into Online Education in the higher education and specialization sector, built a Sports company (U Sports) spanning Football / E Sports and Kabaddi, re-entered the media content space to build a creative content company in Movies and Digital Content (RSVP), authored a Book titled Dream with Your Eyes Open and through his investment company Unilazer Ventures he has been a significant private equity investor in Indian start ups with early stage investment and significant minority stakes.

Early life and education:

Screwvala was born in Bombay into a Parsi family. His father was an executive at the British firm J L Morrison and Smith & Nephew. Screwvala schooled and went to college in Mumbai at Cathedral and John Connon School and Sydenham College. Screwvala had a keen interest in theatre while in school and acted in professional plays with Bombay theatre as a hobby. He played notable roles in Shakespeare's Othello and Death of a Salesman.

Personal Life:

Screwvala is married to Zarina Mehta, his second marriage. Zarina has been a co-founder in the media company UTV they founded, and now is the co-Trustee of their Philanthropic foundation; The Swades Foundation. They live in Breach Candy, South Mumbai. His first wife, Manjula Nanavati and Screwvala have one daughter, Trishya Screwvala, who runs her own Not For Profit, The Lighthouse Project, and who is married to sports commentator Suhail Chandhok.

Early Days:

Opportunistic in the early days of his entrepreneurship, Screwvala founded a toothbrush manufacturing company. Screwvala's is also credited with pioneering Cable TV in India (1981) at a time when there was a single terrestrial channel (Doordarshan) and grew that to multiple cities and most of the hotel chains in India.

United Television (UTV) 1990-2012

Screwvala founded UTV and over the period grew it into a media conglomerate spanning a leading movie studio, a Games Studio and creative content company that went public and listed on stock exchanges in 2005 and into

which Disney gradually took a substantial stake until he divested the whole company to them in 2012.
2013 onwards

The Swades Foundation

Along with his wife Zarina, Ronnie has founded The Swades Foundation, named after the acclaimed film he produced, whose goal is to lift a million people out of poverty.

Presently, Swades is active in Raigad district in the state of Maharashtra in two thousand villages and involving half a million people. It is working on Water, Sanitation, Health, Education and the main focus is on Livelihood opportunities.

upGrad

Screwvala co-founded upGrad, which is one of the largest Online Education companies in India - focused on the higher Education and Specialization sector. They focus majorly on Digital Marketing, Data Analytics, Digital Technology Management, Data Driven Management and Product Management. upGrad has tie-ups with several colleges including MICA.

USports

Screwvala co-founded U Sports with a focus on three sports, Kabaddi a popular sport in India and around Asia (his team U Mumba is one of the top teams in the 12 team ProKabaddi League), E Sports and in Football where under the brand U Dreams the focus is to train and manage talent under various years of age for a sustained duration, and then manage their careers for the long term to play professionally in India and globally.

RSVP Movies

RSVP is Screwvala's re-entry into the media and entertainment industry. This time is focussed on developing its own scripts and screenplays and working with directors that share the common vision of storytelling.

Unilazer

Unilazer was incorporated by Screwvala as a private equity company that has made investments in the Indian new economy companies and start-ups, with early stage investments with significant minority stake as also bringing with him his entrepreneurial experience to the founders. The sectors in which Unilazer has invested range from e-commerce to a leading online eyewear company in India, and from AI and Bots to Agriculture to Microhousing Finance.

Dr. Anand Deshpande is the Founder, Chairman and Managing Director of Persistent Systems since its inception and is responsible for the overall leadership, strategy and management of the Company.

Anand holds a B. Tech. (Hons.) in Computer Science and Engineering from the Indian Institute of Technology (IIT), Kharagpur, and a M.S. and a Ph.D. in Computer Science from Indiana University, Bloomington, Indiana, USA.

As a true technology visionary, Anand's strengths lie in identifying and investing in next-generation technologies and encouraging internal entrepreneurship to ensure that Persistent Systems stays at the forefront of technology innovation.

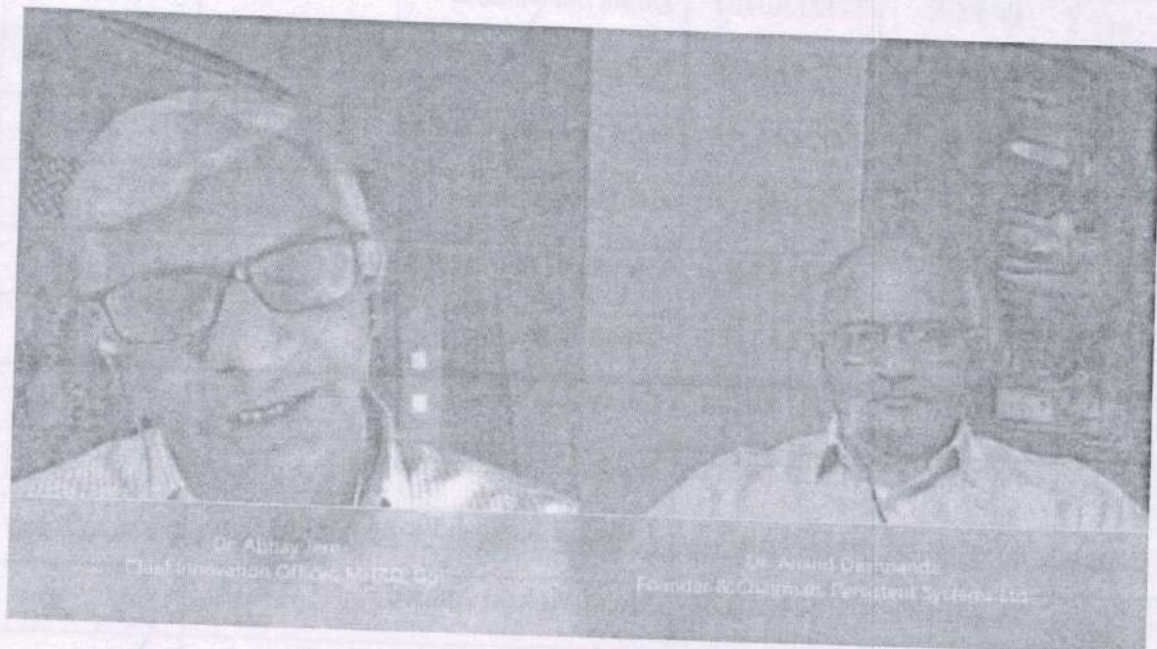

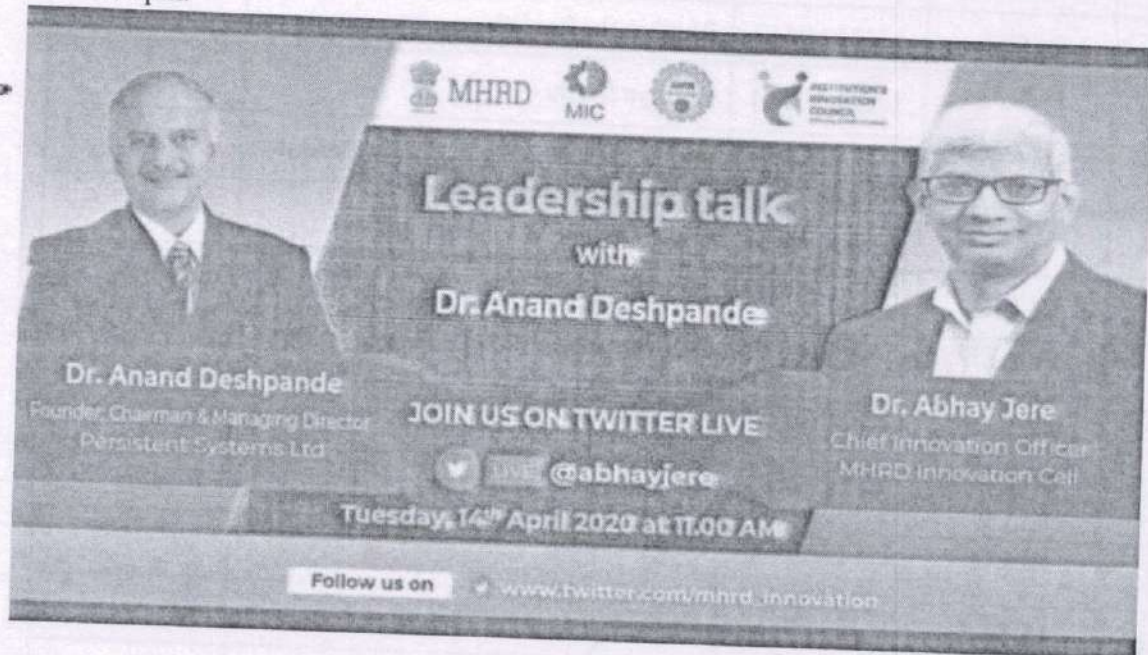

Anand has been the driving force in growing Persistent Systems from its inception in 1990, to the publicly-traded global Company of today. He has been recognized by his alma mater, IIT Kharagpur, as a Distinguished Alumnus in 2012 and by the School of Informatics of Indiana University with the Career Achievement Award in 2007.

Prior to founding Persistent Systems, Anand began his professional career at Hewlett-Packard Laboratories in Palo Alto, California, where he worked as Member of Technical Staff from May 1989 to October 1990.

Anand has served numerous positions at various professional and non-profit organizations viz. NASSCOM's Executive Council, ACM (Association for Computing Machinery) India, where he was the first President, SEAP (Software Exporters' Association of Pune), Pune Chapter of CSI (Computer Society of India), CII's Pune Zonal Council, Trustee in the Computer History Museum, Dean's Advisory Council in the School of Informatics, Computing and Engineering of Indiana University, and Member of the Executive Committee of MCCIA. Anand is a founding member of iSPIRT, India's first product think tank, started with the vision of creating a vibrant entrepreneurial ecosystem in India and is a founder member of Inter Institutional Inclusive Innovations Centre (i4C). i4C is an independent, non-profit entity which acts as a platform to pro-actively scout, showcase and handhold technology innovations, especially aimed at the base of the pyramid.

Currently, he serves as a Trustee of the VLDB Endowment (www.vldb.org), Trustee of BAIF and as a Trustee of Persistent Foundation. With members of his family, he has established DeAsra Foundation (<http://www.deasra.in>), a non-profit entity which focuses on creating self-employment at scale.

JBREC organized a live session webinar on “The opportunities youngsters/start-ups will have in post Covid world” by Shri. Dr. Anand Deshpande, Founder, Chairman, Managing Director, Persistent Systems . The session was held on 14th April, 2020, from 11.00 am to 12.00 pm.

The Spoken Tutorial project

- *Self-explanatory - uses simple language
- *Audio-video - uses multisensory approach
- *Small duration - has better retention
- *Learner centered - learn at your own pace
- *Learning by doing - learn and practice simultaneously
- *Empowerment - learn a new FOSS

Target Group

- *Students - High School and College
- *Working professional - Software users, developers and trainers
- *Research scholars
- *Community at large

Workshops

The Spoken Tutorial Project Team conducts workshops on LaTeX and several FOSS using spoken tutorials and gives certificates to those who pass an online test.

For more details, please write to contact@spoken-tutorial.org

The Spoken Tutorial Project is funded by the National Mission on Education through Information and Communication Technology, Ministry of Human Resource Development, Government of India.

What is LaTeX?

LaTeX is a document preparation system for high-quality typesetting. Often used for technical or scientific documents, it can be used for almost any form of publishing letter, report, textbook, etc...

LaTeX lets authors get with writing documents without being bothered about document design.

Download LaTeX from
<http://tug.org/begin.html>

Benefits of LaTeX:

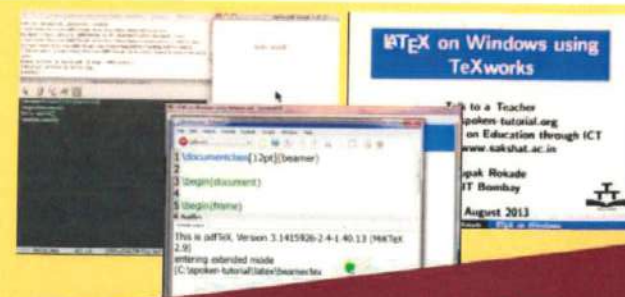

Benefits of LaTeX:

- *Works on all OS: Linux, Windows, Mac OSX.
- *Easily typesets journal articles, technical reports, books and slide presentations.
- *Controls large documents containing sectioning, cross-references, tables and figures.
- *Typesets complex mathematical formulae with ease.
- *Advanced typesetting available for mathematical equations.
- *Automatic generation of bibliographies and indexes.
- *Multi-lingual typesetting.

- *Inclusion of artwork and process or spot colour.
- *Uses PostScript or Metafont fonts.
- *Very active user community.

Xfig

- *Xfig is a free and open source vector graphics editor. It is a drawing tool for use on the Linux and UNIX services.
- *Xfig was written by Supoj Sutanthavibul in 1985.
- *In Xfig, figures may be drawn using objects such as circles, boxes, lines, spline curves, text etc.
- *It is also possible to import images in formats such as GIF, JPEG, EPS, PostScript etc.
- *These objects can be created, deleted, moved or modified. Attributes such as colours or line styles can be selected in various ways.
- *Xfig has a facility to print figures to a Post-Script printer too.
- *Convenient feature is the PSTEX or PDFTEX export format. This allows a smooth integration of Xfig-generated images into LaTeX documents.
- *Most operations in Xfig are performed using the mouse. But some operations may also be performed using keyboard (accelerators) shortcuts.
- *The interface is designed for a three-button mouse, although it is also possible to use a two button or a one button mouse with appropriate emulation.

Tutorials in the series

- *LaTeX on Windows using TeXwork
 - *What is Compiling?
 - *Letter Writing
 - *Report Writing
 - *Mathematical Typesetting
 - *Equations
 - *Tables and Figures
 - *Beamer
 - *Bibliography
 - *Inside story of Bibliography
 - *Simple block diagram
 - *Feedback control diagram
- These tutorials are also available in many Indian languages such as English, Hindi, Bengali, Bhojpuri, Gujarati, Kannada, Marathi, Sanskrit, Tamil, Telugu.

REPORT ON LATEX PROGRAMMING

LaTeX, a document preparation system, is widely used for publishing in many scientific fields like mathematics, statistics, computer science, engineering, chemistry, physics, economics, linguistics, etc. It is a powerful and open-source system that provides numerous facilities for automating typesetting of the document: i.e. structuring page layout, listing and auto-numbering of sections, tables, figures, generating a table of contents, managing cross-referencing, citing, and indexing.

This program is organized from 31-03-2020 to 30-06-2020 and is offered by the spoken tutorial project in collaboration with **IIT Bombay** and course Coordinator **Prof Deepak B. Phatak** Dept. of Computer Science and Engineering. This program is funded by the National Mission of Education through ICT, MHRD, Govt. of India. 85 Faculty Members were participated in this programme. The Event was successfully Organized by G. Naveen, EEE Department, JBREC.

Report on Gandhi Global Solar Yatra

Unnat Bharath Abhiyan Cell of JOGINPALLY B.R. ENGINEERING COLLEGE, Hyderabad has successfully organized One Day "Gandhi Global Solar Yatra" On 2nd October 2019 marking the **150th Birth Anniversary of Mahatma Gandhi**, wherein hands-on training will be given to students to make their own solar study lamp. in Collaboration with IIT -Bombay . 50 students of EEE Department have participated successfully. The GGSY was successfully coordinated by G.Naveen UBA Cell Nodal Coordinator Associate professor in EEE department Mr.P.Rajendar Associate professor & HOD in EEE department.

The main objective are

1. Education about Solar technologies.
2. Hands-on training in solar lamp assembly.
3. Global recognition by being a part of this endeavour.
4. Certificates from SSA, an IIT Bombay initiative.

Cost of Lamp kit :-

530+ Certification fee paid to IIT -Bombay of Rs. 10/- per Head= Total Rs.540/-

Solar Kits Vendor Details:-

Report on eSim a First Course in the IoT Series for Teachers

This program is organized on **21 September 2019** and is offered by the spoken tutorial project In Collaboration with **IIT Bombay**. This workshop was conducted using Spoken Tutorial methodology and funded by Pandit Madan Mohan Malaviya National Mission for Teachers and Teaching(PMMMNTT), MHRD,GOI. of India. 40 Faculty Members were participated in this programme. The Event was successfully Organized.

Lab Activity:-

1. Creation of schematic of an astable multivibrator in eSim
2. Simulating it and comparing the results with the corresponding hardware and with hand calculations.
3. Creating the Gerber file for the above circuit in eSim

In the forenoon session:

1. Watch Spoken Tutorials and create practice creation of circuit schematic.
2. Create the schematic of an astable multivibrator and simulate it.
3. Compare the results with the corresponding hardware and hand calculations.

In the afternoon session:

1. Practice Gerber files creation using Spoken Tutorials.
2. Create the Gerber files for the astable multivibrator using eSim.

Learning eSim from Spoken Tutorials

The following tutorials are available under eSim series:

1. Schematic Creation and Simulation.
2. Simulating an Astable Multivibrator
3. Mapping Components with Footprints.
4. Setting Parameters for PCB designing.
5. Laying Tracks on PCB.
6. PCB Layout for Astable Multivibrator.

Respected sir/ Mam
I am enclosing

eSim a First Course in the IoT Series for Teachers on 21 September 2019

programme agenda and invitation sheet.
Following Activities to be done in this workshop

**This workshop will be conducted using Spoken Tutorial methodology. Participants will learn eSim by listening to the Spoken Tutorials and practicing them on 'eSim'.
faculty members are requested to Register Spoken Tutorial.**

Register on Spoken Tutorial Website:

1. Participants should register on ST website to be eligible to participate in Forums. Click on the Register link in this URL - <https://spoken-tutorial.org/>
2. Fill up the registration form and submit.
3. You will get an email.
4. Activate your account by clicking the link in the email.
5. Note down your Username and Password.

Lab Activity:-

1. Creation of schematic of an astable multivibrator in eSim
2. Simulating it and comparing the results with the corresponding hardware and with hand calculations.
3. Creating the Gerber file for the above circuit in eSim

The participants will, In the forenoon session:

1. atch Spoken Tutorials and create practice creation of circuit schematic.
2. Create the schematic of an astable multivibrator and simulate it.
3. Compare the results with the corresponding hardware and hand calculations

Principal
Joginipally R. Engineering College
Bhaskarnagar, Survey No.220, Yenkapally (V),
Moinabad (M),
Tel: 500 075.

1. Practice Gerber files creation using Spoken Tutorials.
2. Create the Gerber files for the astable multivibrator using eSim.

Learning eSim from Spoken Tutorials

The following tutorials are available under eSim series:

1. Schematic Creation and Simulation.
2. Simulating an Astable Multivibrator
3. Mapping Components with Footprints.
4. Setting Parameters for PCB designing.
5. Laying Tracks on PCB.
6. PCB Layout for Astable Multivibrator.

Note:- All participants are required to bring earphones, as they will have to listen to video tutorials. Without earphones, the workshop will not at all be effective.

e-certificate will be provided to the participants after successful completion of the workshop.

Thanks & Regards
Gubba Naveen

- T10KT (Train 10,000 Teachers)
- A-VIEW of Amrita University
- FOSSEE
- Spoken Tutorial

Workshop Schedule

- 09:30-10:30 Inaugural & Interaction
- 10:30-10:45 Tea/coffee break
- 10:45-12:30 Self Learning of eSim using Spoken
Tutorials
- 12:30-01:00 Interaction with Remote Centres
- 01:00-02:00 Lunch
- 02:00-04:15 eSim Learning (contd.)
- 04:15-04:30 Tea/coffee break
- 04:30-06:00 Interaction with Remote Centres and
Valedictory Session

Offline version of these tutorials

1	eSim installation on Linux
2	eSim installation on Windows
3	Schematic creation and simulation
4	Simulating an Astable Multivibrator
5	Mapping components and footprints
6	Setting parameters for PCB design
7	Laying tracks on PCB
8	PCB layout for Astable Multivibrator
9	Device model creation and simulation

These are also available online here

Please print and bring to workshop

- Guidelines to the workshop, available here
- Instruction sheet to Spoken Tutorials, available here

3 Tasks of the Workshop

Task 1 Understand the importance of simulation

Task 2 Create Gerber files

Task 3 (Optional) Make PCB+Circuit and validate

Tasks and Spoken Tutorials

	1	eSim installation on Linux
	2	eSim installation on Windows
Task 1	3	Schematic creation and simulation
	4	Simulating an Astable Multivibrator
Task 2	5	Mapping components and footprints
	6	Setting parameters for PCB design
	7	Laying tracks on PCB
	8	PCB layout for Astable Multivibrator
	9	Device model creation and simulation

Task 3: Sending Gerber file to a vendor and getting the circuit made - details are in the guidelines
