## Technology Leaders and Innovators Rely on Trusted Research from IEEE

- Latest studies reinforce that the top cited publications in the world are from IEEE\*
  - 27 of the top 30 journals in EE
  - 21 of the top 25 journals in Telecommunications
  - All of the top 5 journals in Automation and Control Systems
- Cited in patents 3x more than any other publisher\*\*
- Recent user studies demonstrate that users rely on IEEE Xplore to:
  - Increase productivity
  - Save time by not reinventing the wheel
  - Keep up-to-date on emerging technologies

### REPORT

#### **“Orientation session for all students & faculties of Institute by Innovation Ambassador”**

The Institution Innovation Council (IIC) and Department of EEE, Joginpally BR Engineering College, Hyderabad jointly organized “Orientation session for all students & faculties of Institute by Innovation Ambassador” on 11-06-2021 via zoom meet. Dr. R.Ravikumar, Organizing convener and Associate Professor of EEE, JBREC welcomed the gathering. Dr. V.Usha Shree, Principal, JBREC delivered presidential address and introduced the resource person.

The resource person, M.G.Naveen, Innovation Ambassador, Associate Professor of EEE, JBREC, delivered a talk on “Awareness Talk on How to implement Design thinking in startups”. This lecture was very useful for students with innovative thinking and he provided lots of information regarding the startups. Further, he gave detailed explanation about main aim in product design is human centric design, it is an approach to product development that puts user needs, desires and abilities at the center of the development process.

### REPORT

Name of the program: KAPILA - National IP Literacy Week

Date of the Program: 15-23 October 2020 as part of MIC Driven activity

No. of Participants attended:

Faculty: 22 (online+offline)

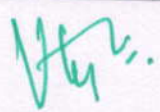

Student: 122

Description:

- The Kalam Program for IP Literacy and Awareness Event is initiated by the Innovation cell of the Ministry of Education to boost IP filing in the country by Higher Education Institutions.
- Under this program and as a first step, "IP Literacy Week" is being organized during 15 – 23 October 2020 to celebrate the birth anniversary of a visionary and well-acclaimed proponent of Innovative India, Former President, Dr A. P. J. Abdul Kalam.
- To overcome the current limitations in our innovation ecosystem especially in our HEIs, a systematic holistic effort 'KAPILA: Kalam Program for IP Literacy and Awareness' is proposed which will create appropriate awareness regarding the need of IP filing, mechanism and methodology involved in filing IP in India and globally, especially amongst students and faculty of higher education institutions.
- KAPILA is expected to help establish the much-required IP filing the ecosystem in a large number of educational institutions and thus create a culture of systematically protecting new ideas, research and innovation having national and global relevance.
- The objective of this initiative is to recognize, facilitate and felicitate the Intellectual Property, innovations and best practices in HEIs.

We have been living through Corona pandemic which is the most severe in the recent times. This has virtually brought most of the world to a standstill except for Doctors, Nurses, Health workers, Police and other Government employees.

The horrifying experience of living through the pandemic would have given lot of thought to faculty and students regarding many creative ideas to fight Corona and many other issues related to post-Corona period.

The ideas may relate to any sector/field/branch/ product/ service and not necessarily to education sector.

The IDEATHON is being conducted with the aim of giving an opportunity /platform to all students to crystallize the ideas and share them with others.

### SOLUTION

- Drone Industry has become one of the fastest- growing sectors in the world and there has been the usage of this technology in many fields such as discovery and news making , helps during floods , photography etc.
- Now we are using this drone technology in Electrical systems to install spacers in the transmission lines which can make the operation easier than the conventional one.
- This helps in saving workers life from risk as it requires less men work to Operate it.
